The City of Gunnison is pleased to provide this walking tour guide to the murals in town. Gunnison has an eclectic mix of art in public places and it is fun to stroll through the streets, alleys, and local businesses to enjoy the art that is on display. In addition to the specific murals presented in this brochure, be sure to visit the local galleries to check out the art work that is on display. Along the way, you may see sculptures that are part of the Sculpture Tour program. Some of the art is located in historic buildings that are part of the Historic Walking Tour. Chainsaw carvings can be seen in the city parks and on some street rights-of-way. There is so much to see that we couldn't fit it all in one brochure!
